ROBERT T. DAVIS

Robert T. Davis died unexpectedly at his home in Newry, Sunday, July 6, 1980.

He was born April 12, 1912, at Hanover, the son of Sumner T. and Cora Farrar Davis. He moved to Newry in 1917 and graduated from Gould Academy in 1930. He married Bertha Rogers on Jan. 15, 1935, at Newry. She died in 1976.

Mr. Davis served as postmaster in Newry for 39 years, retiring in 1977. He was a member of Bear River Grange and a charter and life member of the Oxford County Mineral and Gem Association. Mr. Davis served as a member of the M. S. A. D. #44 Board of Directors from 1965 to 1972.

Surviving are a son, Norman, of Newry, and two grandchildren.

Funeral services were held Wednesday afternoon at the Greenleaf funeral home. Interment was at the Powers Cemetery in Newry.

MRS. MADELINE F. DUDLEY

Mrs. Madeline F. Dudley died Sunday, July 6, 1980, at the residence of her sister, Mrs. Pearl Godwin, Bethel.

She was born in Newry, Sept. 29, 1908, the daughter of Perry and Annette Nickerson Brink. She was educated in Bethel schools, and was a graduate of Gould Academy. For some time she taught school in the Bethel area and was later employed in the office of Stowell Silk Spool Company. Mrs. Dudley had been a resident of Springfield, Mass., for many years, returning to Bethel following the death of her husband, Arthur Dudley. She was a member of the Congregational Church of Bethel, transferring her membership to the Old First Church of Springfield, Mass. She was also a 50 year member of the Pythian Sisters in Hanover, a 40 year member of Sunset Rebekah Lodge of Bethel, and a member of the Bethel Senior Citizens.

She is survived by a daughter, Mrs. Margery Grimm of Toronto, Ohio; two sisters, Mrs. Godwin of Bethel, and Mrs. Kathryn Lewis of Springfield, Mass.; and four grandchildren.

Funeral services were held Tuesday afternoon at the Raymond funeral home, Norway. Interment was at the Norway Pine Grove Cemetery.

From the Bethel Town Office

The Board of Selectmen met in regular session Monday evening, July 14, in the Bethel Savings Bank Meeting Room.

John Greenleaf, manager of the Ambulance Service, met with the Board to review bids received for the new ambulance authorized at Town Meeting in March. After discussion, the Board voted to accept the low bid of \$32,350 submitted by Wheeler Coach Sales of N. E., Inc., based on the recommendation of the Ambulance Service. Delivery of the vehicle will be approximately 30-60 days.

At 8 o'clock, the Board held a public hearing on the proposed sewer rate increase. No members of the general public were present and after discussion, the Board approved the increase which will increase the minimum quarterly charge based on 2,000 cu. ft. of water used from \$22.60 to \$34, raise the septic waste receiving charge of \$.015 per gallon to \$.03 per gallon and institute an

interest charge of 18% per annum on accounts delinquent over 30 days. The increase in rates will be effective with the July billing. It should also be noted that sewer bills will be mailed later than usual for this quarter and that sewer bills will be mailed separately from water bills.

The Selectmen also approved the 1980 Wastewater System budget of \$71,395. The increase in this budget occurs primarily due to increased cost of energy and state and federal mandates to ensure the quality of the effluent being dumped into the Androscoggin River.

Based on the total town valuation for 1980 of approximately \$31,650,000 and net appropriations totaling \$642,857.71, the Board set the 1980 mill rate at \$21 per \$1,000 of valuation. This represents a 1 mill increase or 5% over 1979.

The Selectmen reviewed a petition concerning the institution of Cable Television in Bethel. The

BETHEL SENIOR CITIZENS ENJOY NORLANDS TRIP

On Saturday, July 12, 38 members of the Bethel Senior Citizens went by bus to visit Washburn Norlands in Livermore. Upon arrival, they heard the Washburn story in the library, became scholars in the one room school house, and visited the Washburn mansion, farm and church. Luncheon was served in the mansion and consisted of old fashioned dishes, cooked and served in the style of the 1850's. During the afternoon they enjoyed browsing in the Farmer's Cupboard, a gift shop, featuring Maine made items. This was the first organized trip of the season for the Senior Citizens and a very enjoyable one.

NOTES FROM Evans Notch

White Mountain National Forest

July 15, 1980

The Youth Conservation Corps (YCC), which began on the Evans Notch District on June 29 with the arrival of 40 young people from Maine, New Hampshire and Massachusetts, is completing its third week of an eight week summer program. The young people, aged 15 to 18, have taken part in many projects involved with natural resource protection and enhancement, such as assisting in stocking fish in the District's rivers and ponds, trail maintenance, wildlife habitat improvements and construction of permanent residential facilities for the camp. The camp is spending this summer at the Sunday River Inn, Newry, and commuting to the work sites daily. The YCC enrollees spend a portion of each work day in environmental education activities, learning about various facets of their work activities. Evening and week end activities include speakers on environmental topics, sports contests, canoeing and hiking in the surrounding areas, occasional feature length movies, and swimming. Supervision of the camp is provided by a staff of 13 men and women, most of whom have been involved in the YCC program in the past.

Several black bear have been sighted over the past two or three weeks, one at a distance of about 10 feet. Spotted fawn triplets were seen in South Chatham, and grouse, woodcock and ducks have also been observed with their young. There are birds in the area that may have two and sometimes three clutches each summer. Animals found in the wild should not be handled or molested, and care should be exercised if pictures are taken. Some animal parents are very protective of their young and many attack if they feel threatened. Other animals will abandon their young if they are disturbed.

Remember that any warm blooded animal may contract rabies. In one form, the animal may appear violent and frothing at the mouth. In another, the animal may be docile and sluggish. While any wild animal which bites a human is immediately suspect, a person having an open wound in the hand or elsewhere may contract the disease merely by handling a rabid animal. Should a person be bitten by any wild or domestic animal, the offending animal should be captured alive and held for observation if possible. If the animal must be destroyed, care should be taken not to damage the head since the brain must be examined to determine the presence of rabies. In any event, the local game warden and a doctor should be contacted immediately.

We regret to report another act of vandalism. Many persons have enjoyed seeing the sign beside Rt. #2 in Gilead where Smokey the Bear registers fire danger. Recently, Smokey was damaged by someone apparently with an ax, and the fire danger signs were damaged. This sign is being repaired.

NOTES FROM Evans Notch

White Mountain National Forest
July 15, 1980

The Youth Conservation Corps (YCC), which began on the Evans Notch District on June 29 with the arrival of 40 young people from Maine, New Hampshire and Massachusetts, is completing its third week of an eight week summer program. The young people, aged 15 to 18, have taken part in many projects involving with natural resource protection and enhancement, such as assisting in stocking fish in the District's rivers and ponds, trail maintenance, wildlife habitat improvements and construction of permanent residential facilities for the camp. The camp is spending this summer at the Sunday River Inn, Newry, and commuting to the work sites daily. The YCC enrollees spend a portion of each work day in environmental education activities, learning about various facets of their work activities. Evening and week end activities include speakers on environmental topics, sports contests, canoeing and hiking in the surrounding areas, occasional feature length movies, and swimming. Supervision of the camp is provided by a staff of 13 men and women, most of whom have been involved in the YCC program in the past.

Several black bear have been sighted over the past two or three weeks, one at a distance of about 10 feet. Spotted fawn triplets were seen in South Chatham, and grouse, woodcock and ducks have also been observed with their young. There are birds in the area that may have two and sometimes three clutches each summer. Animals found in the wild should not be handled or molested, and care should be exercised if pictures are taken. Some animal parents are very protective of their young and many attack if they feel threatened. Other animals will abandon their young if they are disturbed.

Remember that any warm blooded animal may contract rabies. In one form, the animal may appear violent and frothing at the mouth. In another, the animal may be docile and sluggish. While any wild animal which bites a human is immediately suspect, a person having an open wound in the hand or elsewhere may contract the disease merely by handling a rabid animal. Should a person be bitten by any wild or domestic animal, the offending animal should be captured alive and held for observation if possible. If the animal must be destroyed, care should be taken not to damage the head since the brain must be examined as soon as possible after death to determine the presence of rabies. In any event, the local game warden and a doctor should be contacted immediately.

We regret to report another act of vandalism. Many persons have enjoyed seeing the sign beside Rt. #2 in Gilead where Smokey the Bear registers fire danger. Recently, Smokey was damaged by someone apparently with an ax, and the fire danger signs were damaged. This sign is being repaired.

BETHEL GIRLS TOP GREENWOOD 16-7
Darcie Witter and Elyana Tate slammed three run home runs, Kara O'Donnell pitched five innings of relief, and Amy Flynn led a strong defense as the Bethel 10-12 year old girls beat Greenwood 16 to 7 in softball action on Monday night.

The Bethel girls trailed 3-0 entering the bottom of the fourth when they exploded for seven runs, three coming across when Darcy Witter hit a long fly ball down the right field line for a three run homer. One inning later, Elyana Tate hit a three run home run to right center, while Bethel capitalized on walks, errors, and one-baggers to tally six runs in the sixth.

In the field, Bethel did well—turning two double plays and making only four errors. Amy Flynn and Darcy Witter, Bethel's key-stone duo, were involved in the double plays and played their positions well.

The Greenwood attack was paced by Anita Kimball who tripled in the seventh and Angie Martin who knocked in two runs with a single in the sixth inning.

The two teams will meet again next week in Locke Mills.

TRIBUTE TO "TIB"

To the Editor:
We regret the passing of our friend and neighbor, Harold "Tib" Tibbets, a long time summer resident of the Aziscoos Lake Country. His camp door was always open and there to greet you was a man with a heart of gold who would literally give you the shirt off his back.

He and his good wife, Lola, brought a great feeling of warmth and hospitality to all of us in the area.

He was a Veteran of World War II with a Purple Heart and very proud of the opportunity he was given to serve his country. His first duty upon arrival at camp was to raise the American flag.

I speak for so many "Residents of the Hoss"; we will miss Tib, but are fortunate to have been his friend. The place will never be the same again.

COME TO THE AUCTION! Pictured above are a few of the items to be sold at auction by the Bethel Rotary Club on the Bethel Community next Sunday as part of Molykott Week-End activities.

COUNTY REPUBLICAN COMMITTEE HOLDS MEETING
AT SOUTH PARIS
The Oxford County Republican Committee met at the South Paris fire hall on July 8, with Chairman Leland Brown of Bethel in charge of the meeting.

Several candidates for political office attended. Rep. Karen Brown, Bethel, who is seeking re-election from District 63, spoke briefly of her work for Congresswoman Olympia Snowe's re-election effort.

Sue Bell of South Paris, candidate for a House seat from District 65, told of her attendance at an issues forum in Augusta recently; she also commented on her active campaign organization. Senator Roland Sutton, South Paris, seeking re-election to the State Senate from District 5, urged county committee members to keep him informed of events in their towns.

Also present were William "Gene" Bickford, Norway, candidate for Representative from District 39; Kathleen Messereau, Rumford, candidate for Representative from District 68; and Paul Nevers, Norway, seeking re-election for Register of Probate.

Chairman Brown reminded committee members of the importance of the individual town committees working to enroll new Republican voters, as party enrollments in Maine continue to slide. It was stressed also that it is not too soon to be readying absentee ballots for the November election.

A decision was made to develop a flyer to be made available to fair-goers at each Republican fair booth in the county. These flyers will include a small picture and short write-up of each candidate for office in Oxford County. Candidates not present at the meeting will be contacted about this by the Secretary. Materials for the one-page sheet must be brought to the August meeting, so that the

flyers may be ready for the county fairs in the fall.

Norman K. Ferguson, Sr., Hanover, stated that the county's State quota of \$10,471 had been met as of July 8. Mr. Ferguson was given a round of applause for his dedicated efforts as Oxford County's Finance Chairman.

A committee comprised of Leland Brown, Don Buzzell, Arland Farrar Sr., Norman Ferguson, Sr., and Carolyn Kennard will discuss contributing county funds to county candidates.

State Committeeman Don Buzzell, Fryeburg, and State Committeewoman Nancy Sutton, South Paris were present at the meeting.

Towns represented at the meeting were: Bethel, Buckfield, Denmark, Fryeburg, Hanover, Hebron, Mexico, Norway, Otisfield, Oxford, Peru, Rumford, South Paris, Sweden, and Woodstock.

The next Oxford County Republican Committee meeting will be held Aug. 12 at the Legion Hall in Oxford.

Greenwood City — West Greenwood

— Mrs. Colista Morgan, Corres. —

Starting out on Saturday afternoon Ruth steered through the "city" and took a left turn toward Patch Mountain. We left the car by the highway at the entrance to the road leading to Overset Pond.

Our plan was to push on through the leafy forest and climb the mountain to Overset Bluff.

The air was sweet with fragrance left from the showers of Friday evening. The road was rough and muddy. However, we met two vehicles; one parked and the other on its way out with a boat.

It was a good mountain day, cool and a slight breeze.

We came upon the smooth trailing partridge vine with rounded evergreen leaves. At all times of year this little plant fulfills its mission. Only in early summer are its white or pink flowers fragrant. Among the flowers we saw a few bright red berries of last year's crop which the birds had missed. This little spot was a field of stars.

Circling puddles and picking our way we finally came to our turn where we were to climb.

As we scrambled the rugged path, at times we stopped to take a breath and to admire our surroundings.

The jays were, of course, making more noise than all other birds, ever coming or going with loud bluster, screaming as if they had a piece of sludge melting in their throats.

After leaving the road we went "bush wacking" making our own way toward the bluff.

The mountain pines were tower-

Raymond, Janice, Tom and Patrick Harrington spent their vacation week camping at Small Point, Hermit Island. Tuesday through Saturday, Maude Harrington stayed at the Hidden Mountain Cabins and commuted each day to their campsite.

Stan, Alan and Vickie Wilson visited Alden and Irene Wilson, Sunday.

Heavy thundershowers on Friday hung around for several hours making our residents very nervous. Lightning struck a pine tree beside Joe Robiller's driveway as well as a couple of pine near the log cabin in Albany and came in many homes on water pipes, electrical appliances and wiring. Pete Rackliffe, an employee at Terry Wilson's Garage, was knocked to the floor when lightning struck near by.

Hawks have been killing Irene Wilson's chickens and guinea hens, this summer. Sunday evening, one large hawk attacked a big hen right in the driveway and waited until Irene was quite close before flying off. Also a coon (or coons) has been raiding her hen house as well as Dennis Wilson's. One was brave enough to come out in broad daylight.

ing with out stretched arms above birches, beeches and other trees. The breeze was finding them all from those on the rugged buttress to the lowliest and most retiring tenants. It caressed them all, bending them in exercise. We came across several that at some time had crashed to earth.

It was a steady climb to the top. The view was wide and beautiful. Dwarf pines here with stiff crooked roots gripped the storm beaten ledges like eagles' claws while their little branches bent complacently and offered little for the winds.

Below us sparkled the water and two specks, boats, moving about. I snapped a couple of pictures of the heart-shaped pond while we sat and viewed.

We spoke of being at the Ice Caves and looking at the pond and bluff a short time ago. Now we were on the bluff looking across to the Ice Caves. There were other places which we spotted and named including our own Hicks Pond.

How beautiful the rocks and waters were, made by the leaf shadows. These were beyond all art in grace. They were ever changing... still as if painted on stone, now dancing, giving merry swirls, jumping on and off the ledges and again gliding ever so softly as if afraid. And all this time the waters far down were true and substantial in their shadowy beauty. We kept our lofty perch for some time, enjoying the delicious fragrance from resinous branches, that was streaming past and watching the shimmering of light over all the forest land.

A few tiny sprinkles came but we sat undisturbed knowing that there was no use to hurry for if we were to have a heavy rain we'd get wet anyway.

Momentarily the drops vanished and the sun again appeared.

We turned with a good-bye look at the bluff and vanished again into the wilderness, drifting slowly down the mountain and on toward the car.

As the stars of night came out, I fell asleep to dream of boundless forests and waters on which two tiny boats drifted in the sun.

Mr. and Mrs. Robert Holt and Danny were at the home of Mr. and Mrs. Leonas Holt on Sunday. They also called on us.

Mr. and Mrs. Frank Curtis called on Carroll Notage in South Paris one day recently. They also called at Ledgeview to see Edia Tamland.

Mr. and Mrs. Russell Brennan have returned to Seakonk, Mass., after a two week stay here at their cottage.

There was another family gathering at the Hayes Homestead on Sunday. Erwin Hayes, Hyde Park, N. Y., came for a few days and he and Mrs. Hayes leave for home today, Monday. Others there were Mr. and Mrs. Mike Edgeton and children, Westbrook; Mr. and Mrs. Ardell Hayes, Auburn; Mr. and Mrs. Duane Hayes, West Paris; Mr. and Mrs. "Buster" Waterhouse, Gorham; Verna Libby, Fal-

mouth; Mr. and Mrs. Spire and children, Indiana. On Saturday, the family joined in a "lobster feed."

Safety Tip of the Week:

—Use Caution While Canning

Botulism is a serious food poison, caused by the bacterium *Clostridium botulinum*. These bacteria thrive on low acids, in the absence of air, and in moist environments—exactly the conditions inside a sealed jar of canned meat or vegetables.

Because of this bacteria, low acid foods must be brought to 240° F. or 116° C., which is hotter than the boiling point of water. This can be done properly with only steam pressure canning procedures. See your garden produce the safe way. Water-bath type canning does not destroy these bacteria. Use a pressure canner and be safe.

All B.E.A.R.S. members extend a special get well wish to an ambulance service member, Albert Raymond, who suffered a severe eye injury on Sunday afternoon. Albert is on the mend at St. Mary's Hospital in Lewiston. Get well soon Albert!

Mr. and Mrs. Leroy Learned visited his mother, Mrs. Louise Learned, Wednesday evening.

Dr. Wayne F. Gersen, Superintendent of Schools, M.S.A.D. #44, notified the Selectmen Friday that an error had been made in figuring the school assessment for the five towns in M. S. A. D. #44 for FY 81. Newry's original assessment for the period from July 1, 1980 to June 30, 1981, was \$100,358.72. The corrected assessment is \$97,376.82, a decrease of \$2,981.90.

Since Newry operates on a Jan. 1 to Dec. 31 fiscal year, one half of this amount will be reflected in this year's assessment. Taxes for 1980 have already been computed and tax bills mailed out based on the original assessment, so there will be a surplus of \$1,491.04 in the school accounts at the end of the year. This amount will be credited towards the 1980 school assessment. Other Towns in the District showed an increase in the new assessment, but it is believed that taxes in these Towns have not been completed yet.

Figures for the proposed State Valuations for the five Towns in M. S. A. D. #44 for 1981, show a total valuation of \$93,350,000, up \$2,200,000, or 11.7% over 1980.

New valuations for each of the five Towns, as proposed by the State Bureau of Taxation are as follows: Andover, \$15,900,000, up \$850,000, or 5.9%; Bethel, \$35,600,000, up \$4,900,000, or 15.9%; Greenwood, \$16,250,000, up \$1,700,000, or 11.7%; Newry, \$8,150,000, up \$850,000, or 11.6%; Woodstock, up \$900,000, or 5.3%.

Based on a straight State Valuation assessment percentages of the FY 82 school budget to be borne by each Town is as follows: Andover, 16.38%; Bethel, 38.18%; Greenwood, 17.4%; Newry, 8.73%; Woodstock, 19.28%. Because of the ratio between State Valuations and the number of pupils, Greenwood, Newry and Woodstock pay a much higher rate per pupil than the other two Towns. Municipal officers from Greenwood, Newry and Woodstock have prepared petitions, which will be circulated soon, to ask the School District Directors to call a meeting to determine the necessity of changing the method of sharing costs. If approved by the voters of the District, a combination of State Valuation and per pupil may be used.

The Mothers Club will have a fish pond for children on Mollycoddle Day. Workers will be Linda Yates, Nancy Wright, Karlene Bachelder, Gilberto Sealey, Barbara Yates, Bonnie Learned, Nancy and Jack Dennis.

The North Pond Sunfish Association will hold their weekly race on Sunday, July 20, at North Pond at 1 p. m. Please keep in mind that on Sunday, July 27, there will be a picnic.

There will be a benefit supper for Dick Cross and family, sponsored by the Auxiliary of Greenwood Fire Department on Saturday, July 19, at 6 p. m. at the Town Hall. By now everyone knows that the family lost their home and possessions in a fire, assumed caused by lightning in the storm last Friday. Our despair at seeing a neighbor and friend's home go up in flames can only be lightened by being grateful they are all safe. As usual the fire department did their work promptly and efficiently and are to be commended.

Proceeds of last week's church supper was \$322.

The Bookmobile will be in town on Monday evening, July 28, at the Ekco parking lot.
